Our unique guarantee means a square deal to all who buy from us. It says, "We will replace with three every plant blooming untrue to description."

All divisions are made from two or three-year-old plants, thus insuring healthy, vigorous stock.

WE OFFER TWO SIZES OF DIVISIONS

Two-eye balanced root division. This is a division with ample crown material, including one or two buds (or eyes) and a root system balancing the crown, giving a vigorous plant needing no coddling to produce strong, satisfactory growth.

Three to five-eye standard root division. The old time large division giving earlier flowering. The size is equal to a large one-year plant.

We will be able to supply in some varieties two or three-year-old plants for immediate effect. Prices on these will be furnished on application.
